### Online safety support for parents and carers:

Hwb provides free up to date support, guidance and information to families about the most popular social media and gaming apps children and young people are using today. The Welsh Government site includes overviews, age ratings and highlights the risks each app poses to young people and gives detailed instructions on how to enable parental controls and safety settings.

### Attendance

In order to avoid triggering on the LA Attendance Pathway, please refrain from taking holidays during term time and ensure, where possible, that your child attends school everyday and on time. If attendance dips below 90% at any time, the LA pathway automatically begins a monitoring period. Avoiding holidays during term time will improve your child's attendance, learning opportunities and life chances.
